We bid you a warm Sawadee. Welcome to Chiang Mai and Chiang Rai and it's outstanding array of beautiful and challenging golf courses. We at Tee Off Service offer to you sophisticated golf holiday vacations featuring some of the worlds finest courses, luxury accommodations, and outstanding service. We offer highly personalized service for the discerning golfer that is tailored to your individual or group requirements. From arrival to departure we will provide you the pampered, attentive service that sets the Thai golf experience apart from any other, and truly places it in a class by itself, unparalleled anywhere else in the world. We can arrange for you to play on Asia's finest golf courses, stay at the top hotels, and dine in first class restaurants. If you enjoy golf in spectacularly beautiful places, we offer you 16th great courses to choose from.

Hariphunchai Golf Club

Hariphunchai Golf Course opened 2016 and is designed by Mr. Yoshikasu Kato Par-36, 3,516 yards from black tee and 3,073 yards from white tee.

It is near the Lamphun city centre and about 45km from Chiang Mai down town.

This nine hole course features some of the longest -- and most beautifully manicured tees in Chiang Mai. There are two sets of tees to give the golfer an 18 holes experience.

Like many of the longer holes, the par four number 5 dog leg -- with two carries over water -- is a good, but fair test of accuracy for the average golfer.

A nicely designed course with greens and fairways -- and the extraordinary tees -- kept in excellent condition,

Hariphunchai is a course to put on the Chiang Mai golf outing.

Alpine Golf Resort Chiang Mai

Chiangmai-Lamphun that was closed March 2008 to be totally re-design by world-famous golf course designer Ron M Garl and opened again for the public on 1 November 2008. Alpine Chiang Mai a 27 holes championship course. Course A 3,830 yards, Course B 3,708 yards & Course C 3,608 yards from the Black Tee, each 9 holes is par 36.

Course rating from Black Tee 76,9 and slope 151

Course rating from White Tee 68,8 and slope 132

The Alpine Golf Resort Chiang Mai comprises some 700 rai of land that nestles in a valley between the mountain ranges in the heart of the San Kampaeng natural forests.

It is undoubtedly one of the golf courses in Chiang Mai that boast of the best in natural beauty. The design of the course, was inspired by the magnificent hills in its horizon. No matter where you are on the course, you are enjoy nature at her best: exquisite lush green from the nearby forests which comprise a rich assembly of trees such as the golden teakwood, the Dipterocarpus Alatus and many more other species.

Royal Chiang Mai Golf Club

This mature parkland-style course located only 45 minutes north from downtown Chiang Mai provides stunning panoramic vistas of in the foothills of Northern Thailand. An 18-hole, 6,900 yard, par-72, championship golf course - designed by 5-times British Open winner Peter Thomson and Michael Wolveridge 1995 - incorporates British links-style. The gently rolling fairways, pot bunkers, closely mowed areas around the greens, and 18-hole pitch & putt course will test your short-game. The higher altitude provides a cooler, less humidity, and gentle breezes. Thousands of mature, native, flowering trees planted by the owner Khun Varin Pulvsiriwongse erupt in fragrance and color throughout the year. The modern clubhouse, restaurant, hotel, spa, and make any visit here complete.

Summit Green Valley Chiang Mai Country Club

Situated in the meadows of Mae Rim only 30 minutes north from downtown Chiang Mai, is one of Northern Thailand's finest conditioned golf courses. This 18-hole, 7,200 yard Dennis Griffiths designed from 1990 masterpiece features expansive fairways with strategically placed water hazards and bunkers on every hole. From the back tees this Green Valley presents a demanding, yet thrilling challenge. While a lack of nature shade trees, plus Thailand's heat and humidity make for a thirsty round of golf, the fully-stocked refreshment kiosks are a welcome Oasis.

The modern clubhouse - featuring fine dining, a fully stocked pro-shop, superb locker room facilities. Green Valley is now featuring night time golf that is a must to try out with stunning background lighting behind the palm trees.

You can play night golf at Summit Green Valley

Tee-off from 15:00 - 18:00 hrs. for 18 holes of night golf in superbly light up golf course.

Mae-Jo Golf Club & Resort - Chiang Mai

Sculpted from fertile orchards in the foothills 40 minutes north of Chiang Mai is one of Asia's finest courses. Beautifully designed 6,700 yard, par-72 jewel from 2004 by Seni Thirawat is risk-reward. Its lush, narrow fairways slither through the sweetly scented mango, citrus and lychee 'Garden of Eden' like the golden pythons golfer's sometimes see. Throughout the year the air is sweetly scented with fragrant blossoms, and the trees laden with fruit. Created Banthun Tantivit, the clubhouse, restaurant, lodge, golf course, and extensive practice facilities are impeccably first-class. The breathtaking vistas are another great reason to visit Mae-Jo.

Chiangmai Highlands Golf and Spa Resort

Set in the mountains east of Chiang Mai this 27-hole masterpiece of Schmidt-Curley Design is breathtakingly scenic and a cleverly challenging test of golf. Recognized among the Best Golf Resorts in Asia by The Asian Golf Awards, Chiangmai Highlands Golf and Spa Resort has become Northern Thailand's premier golf destination.

Chiangmai Highlands' three courses, Valley, Highlands and Mountain, feature undulating greens guarded by dramatic bunkering and some of the finest playing conditions in Thailand. Beyond the golf, visitors are most often inspired by the scenic views.

In addition to the world-class golf course, Chiangmai Highlands offers an open-air restaurant with a panoramic view of the golf course, mountains and valley. The property also includes a spa, private resort villas, a swimming pool overlooking the course, fitness facilities, condominiums and housing community.

The service, scenery and facilities at Chiangmai Highlands has earned a legendary reputation for a truly memorable golf experience.

Chiang Mai Inthanon Golf Resort

Inthanon Golf Resort officially opened its full compliment of 18 holes in November 2009. Offering a majestic mountain view all around, it's located about an hour south-west of Chiang Mai's city-centre. The course takes its name from Doi Inthanon, the highest peak in Thailand (2,565 m. at its summit), and comprises part of the mountain range separating Thailand and Burma (Myanmar). This is another of the new courses on the outskirts of Chiang Mai, not far from Hang Dong, and was designed by Khun Suphachai Silamon.

Situated in a valley like setting, the course is well maintained with plush fairways, numerous bunkers, and several water hazards. It is a par 72 and plays at 7,268 yards from the back tees. As with many of the newer courses, the distances from green to tee make this a much longer course to walk than otherwise indicated. The back 9 is the more scenic part of this course and is an absolute joy to play.

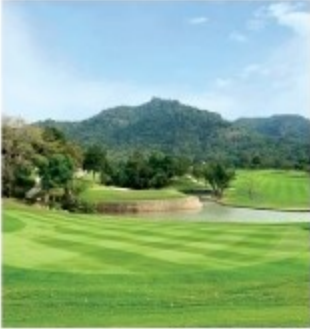

The fairways and greens are in immaculate condition. Given it originally opened as a 9-hole course in late 2008, the caddies have developed a fairly good knowledge of the fairways and greens.

Gassan Panorama Golf Club

Formally opened December 2006 under the name Gassan Marina, during 2017 it was re design by the famous golf architect Schmidt-Curley and reopen under the name Gassan Panorama The renovation is most obvious in the condition of the fairways and excellent greens. The very large greens provide pure putting pleasure with slight but not unfair undulations. Very wide fairways give the average golfer confidence on the tee box,, its unique distinction comes from all 18 holes being designed around the contour of a large lake in Chiang Mai. Add in plenty of waterside bunkers, a backdrop of mountains, and you have a stunning vista to complement the golfing challenge, despite water carries on almost every hole.

The par three holes, the most scenic holes on the course, are both fun and challenging. At 6,160 yards from the white tees, Gassan Panorama is a most welcome return to Chiang Mai golf. Golfers will also enjoy winding down in their luxury club house, constructed to architecture with Dubai Arabian style. Overlooking the grand lake and surrounding mountains, and at nearly 10,000 square meter in size. Gassan Panorama Golf Club is about 40 minutes drive from Chiang Mai International Airport and the city centre.

Lanna Golf Club - Chiang Mai

Adjacent to the horse racing track, and only 10 minutes north of downtown Chiang Mai is one of Thailand finest old-style parkland golf courses. Lanna's exquisitely landscaped 27-holes - in both park-land and links-style designs from 1974 - is nestled beneath Chiang Mai's famous Doi Suthep mountain to the west. The course winds its way through impressive boulevards of huge, mature trees, around dozens of ponds and lakes, and criss-crosses numerous cascading streams and canals. Renown for it superb comprehensive sports training facilities (swimming pools, tennis courts, fitness center, and driving range) it also boasts great restaurants, highly-experienced caddies, and low prices. It's 9-hole race-track course perfectly lighted for night play, is golf Thai-style at its best.

Gassan Legacy Golf Club

Gassan Legacy Golf Club is the newest course in Chiang Mai and is located about 30 minute south of the city center on the way to Lamphun. The course was formally known as Gassan Lake City but has undergone a major renovation done by the world renown designer Lee Schmidt of Schmidt - Curley Design, Inc. The complete upgrade cost in excess of 150 million baht and took 16 month to complete. The course now boasts some of the finest playing conditions in the North of Thailand with lush fairways and perfectly conditioned bunkers. The challenging layout can be enjoyed by golfers of all abilities. The many water hazards and doglegs require target shots and offer exciting opportunities for those who enjoy risk/reward golf. Course is playing 6852 yards from the back tee par 72 with the front nine being 3763 yards and back nine 3089 yards It will be a fun day of golf for anyone who chooses to make Gassan Legacy part of their golf tour to Chiang Mai.

Artitaya Golf & Resort - Lamphun

Situated approximately 50 km south-east of Chiang Mai, Aritaya Golf Club (former Gold Canyon) is settled in a rugged and rural area not far from Lamphun. Officially opening in early spring 2009, design by Khun Senit . Surrounded by fields, orchards, woodlands and, of course, Aritaya provides a golfer's delight in tranquility and scenic beauty. Given its youthfulness, it will likely be at a year before Arityay grows into its full potential. Presently, water and bunkers do not pose much of an obstacle to one's game.

However, be wary of trees, trees...and more trees! Indeed, trees can be a major problem on no less than 5 holes in so far as being inexplicably situated directly in front of the tee-boxes. Again, perhaps time will allow for a few modifications, as well as bringing more water and bunkers into play. Another 9 holes is under construction and will be ready 2019.

The course is under Korean management. Playing at just over 7,300 yards from the back-tees, Artitaya Golf Course is 27 holes course of fairly flat terrain. But be prepared to do a lot of additional walking as the distance from green-to-tee is long and often hilly. As is, this course still provides a nice change from Chiang Mai proper and introduces golfers to what may be a new trend in golf course design.

Gassan Khuntan Golf Resort - Lampang

Only one hour south of Chiang Mai is Gassan's new Khuntan Resort. Khuntan means "Devil Mountain" and this 18 -hole, 6,454 yard, par-72 creation from 2004 are devilishly difficult.

Tucked in the 'dragon-like' folds of Lampang's foothills on a riverbank, the distinctive design of the course, clubhouse and resort is pure "eye candy". Its target golf/risk-reward style, the lack of a practice range, no golf course guidebook, and clever optical illusions make hitting the right shot, with the right club, to the right spot a true test. When you stand on the tee of the par-3, - 5th hole and face a mid-iron shot to a tiny island green, in the middle of a huge lake, into the teeth of swirling winds, you will know why this course is aptly named.

Although club/shot selection are demanding, the relentless challenge only adds to the experience. To gain par takes focus, making the occasional birdie that much more special. For an unforgettable day of golf in a truly spectacular setting, head south.

The Mountain Course, the new nine holes at Gassan Khuntan opened in 2018, measures 2,390 yards from the blue tee. The course features an interesting design with beautiful landscaping and great views from the elevated tees and greens. There are four short par threes, three very good par fours and two short par fives. The par threes average 125 yards and include an 80 yard elevated green that will make you ponder which club to pull. With generous fairways, a fair amount of bunkers, water on three holes, and well kept greens, this new nine holes offers a nice compliment to the existing 18 holes at Gassan Khuntan.

Mae Moh Golf Course - Lampang

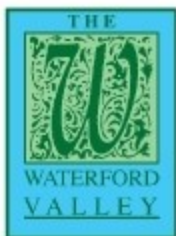

Located 125 km from Chiang Mai, this 6,400 yard, par-72, 18-hole golf course is built in the foothills of Lampang, adjacent to the famous clay mines. An impressive mountain backdrop highlights the local Thai-style parkland design.

Mae Moh's lush fairways gently meander through the mature forest. The constant changes in slope and elevation provide a never-ending variety of lies and demand creative shot-making and short-game skills. The scenic drive from Chiang Mai is not only enjoyable and worthwhile.

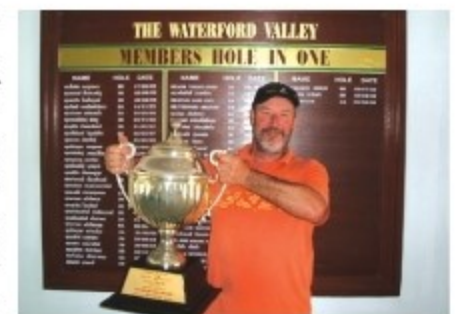

Santiburi Golf Club - Chiang Rai

Set deep into the contours of Chiang Rai's rolling foothills is one of the best conceived and conditioned golf courses in all of Asia. This 18-hole, 7,000 yard, par-72, Robert Trent Jones Jr. masterpiece from 1992 is the brainchild of Khun Santi Bhirombhakdi, the owner of Thailand's Singha Beer. Santiburi is world-class, yet playable and enjoyable for golfers of every skill level. This beautifully landscaped golf course winds beneath a canopy of magnificent trees, across streams and crystal clear lakes that reflect turquoise skies above and lush green mountains in the distance. The astonishing attention to detail and understated elegance of the stately clubhouse is mirrored in the restaurant, locker rooms, course kiosks and practice range. Any day of golf at Santiburi is truly as good as it gets!

Waterford Valley Golf Resort - Chiang Rai

Set upon a plateau, surrounded by lush valley and absolutely breathtaking panoramic views of high mountains in every direction, this 6,700 yard, par-72, Robert International design from 1996 is one of the most scenic golf courses in Thailand. With superbly conditioned fairways and greens, an abundance of lakes and streams bordering many holes, the course flows up, down, and around the contours of the plateau. The natural beauty, spectacular vistas, creative design, and refreshing climate make for an unforgettable day of golf. The lovely award-winning architectural design and exquisitely ingenious space planning of golf lodge deluxe suites make your stay here a heavenly experience and an absolute must.

Happy City Resort and Golf - Chiang Rai

Located 13 km east of Chiang Rai, this is the latest edition to golf in this fair city. Happy City GOLF & RESORT is owned by Mr. Tae Hyun Cho, from Korea, who is himself an avid golfer sporting a low handicap. The course was designed by TPGA Khun Pongsak Daengchuang and Khun Prasan Srisuphachaiya. The latter's company, Phalang Construction, is well known in Thailand's golfing community, with a solid reputation for building exquisitely designed, top-ranked courses.

Situated on 1,200 rai, Happy City GOLF & RESORT consists of 29-holes and provides golfers with panoramic lake and mountain views. It is therefore appropriate that the 3 courses are called Lakeside, Mountain Breeze and Riverside. Regardless of which two nines you play the 18-hole yardage combined is well over 7,200 yards. A unique feature of Happy City GOLF & RESORT is its ability to close two holes each day to do additional maintenance without disturbing the golfer.

The design of Happy City Golf & RESORT, with its winding fairways and tough approach shots over water, will make for a challenging day of golf to any venturing out to Chiang Rai. Together with its breathtaking vistas, the layout of the fairways at the Mountain Breeze Course is sure to keep golfers coming back again and again. The clubhouse is situated on a plateau overlooking all 29 holes. The tee-boxes for holes 1 and 11, as well as the greens for holes 10 and 20, are located directly in front of the clubhouse. As a nice finishing touch, the main kiosk has been built in the style of a Dutch windmill.

North Hill Golf Club

North Hill Golf Club is a new 18 holes course conveniently located only 15 minutes from Chiang Mai city center. Formally a 9 holes course called Mezzanine, the full 18 holes of North Hill opened for play on November 1, 2015. The course is 6,241 yards from the back tee and 5,890 yards from the white tee.

The layout is flattish and features many water hazards and well placed bunkers. Accuracy is more important than distance on this finely conditioned course. Lush fairways are a signature of North Hill making it easily playable for the higher handicapper. You can enjoy night golf here as well. The facilities are modern and spotless. The restaurant is a must visit offering both international and Thai cuisine with fine views of the course from the outside patio. North Hill will be an excellent choice for anyone looking for a relaxing day of golf close to the city.
